

Photography Policy

Photography Waiver

In order to both protect the right of all members, guests, speakers, governing persons and others to privacy, and to ensure ElderCollege can promote its courses and events, ElderCollege has adopted this policy:

“I acknowledge that, for the purposes of promotion on the ElderCollege website and/or eNewsletter, photographs may be taken during ElderCollege courses or events. I agree to advise the photographer if I am unwilling to be photographed for this purpose.”

The waiver will be automatically applied to and thereby accepted by every registrant to all and every class and event offered by ElderCollege through our online registration system.
