

Spring 2017

Hands On With Your iPad

What use is your iPad and what do you want to do with it? Let our knowledgeable instructors guide you through the basics and more of your iPad capabilities. Do you like to make family photo albums, travel or talk to your family no matter where they are on the planet? We will walk you through the set up and basic operation of the iPad including multi tasking and gestures, learn how to use iTunes, download apps, use email and other great features you might not know you had. With four sessions and two instructors, there's plenty of time and help so you can learn everything you want!

What to Bring

- Any iPad 4th generation or newer, any iPad Mini 2 or newer, any iPad Air or any iPad Pro plus its charger and cable.

What to Do Before Class

- Your iPad must be upgraded to the latest iOS software from Apple. (The current version as of January 2017 is iOS 10.1.1. This version was released in fall of 2016)
- You must have a valid and verified Apple ID (username and password) and bring it to class
- To learn email you will need your email address, your email password & service provider information (time doesn't permit setting up email accounts, so your email already be set up and working)
- You must know your iPad's login passcode
- Your iPad must be fully charged!
